ULT Series The Ultimate Lab Table

Designed for Lab Automation that operates on a 24/7 mode, the ULT Series Lab Tables provide the ruggedness, mobility and modularity that today's labs require.

Perfect for Robotic applications, the ULT Series use a passively dampened ground Mic-6 aluminum top – flat to within .015 over 4 square feet. Top level adjustments eliminate the need to crawl on Lab floors during set up.

Available in numerous color combinations and accessories, the ULT Series Lab Tables are the preferred choice for scientists and automation specialists.

Standard Sizes:

1M x 1M
1M x 2M

36" x 36"
48" x 48"

Any size available.

2 week Delivery
